CERTIFICATE OF CONFORMITY

N°CEM R130-08-300511E

Directive 2004/40/CE

Product: Resistance Welding
Type: GYSPOT INVERTER BP.LCX.
Manufacturer: GYS
Identifier number: 08.06.003121

Emitech Mesures (Rennes laboratory) certifies that the equipment comply with the essentials requirements of Directive 2004/40/EC of the European Parliament and of the Council of 29 April 2004 on the minimum health and safety requirements regarding the exposure of workers to the risks arising from physical agents (electromagnetic fields).

Emitech Mesures (Rennes laboratory) certifies that the equipment complies with the following standards requirements:

EN50505, edition 2008

EN50445, edition 2008

The conditions and test results are consigned in the report of tests and the restrictions of use of the equipment tested are consigned in this report **Emitech Mesures n° R130-08-300511**.

This certificate only refers to the requirements of the directive 2004/40/EC. It is not valid for other directives that could apply to the below mentioned products. In addition, it only refers to the units specified in the technical report.

The present certificate is not aimed at replacing the French Emitech Mesures Certificate under any circumstances. Emitech Mesures cannot be held responsible for the possible mistakes made in the English translation of this document. The French Competent Body Certificate remains the only authentic text.
